SCAN6500

FEATURES AND FUNCTIONALITY

The SCAN6500 hand held reader is ideally suited for use with but not limited to, retail counter point applications.

A combination of rugged construction, latest recognition technology and easy operational features make this the ideal hand held recognition tool.

The Auto Discrimination feature of different fonts is believed to be the first of its kind for a hand held reader.

Technical Specifications

- Auto discrimination between multiple font definitions.
- Fonts: OCR-A, OCR-B, E13-B, Arial, Times New Roman, and Courier.
